Importance of Panchama Bhava

Need of Holistic approach: In the analysis of Panchama bhava one need to keep in mind the need of a holistic approach to the birth / horary chart. No bhava or a planet can be separated from among others.

General precaution about differences in Rasi chart and Bhava chart.

- Notice the difference in rasi chart and bhava chart. Bhava chart is to be used for bhava results.
- Span of a bhava spreads into more than one zodiac sign. In some case of births - mostly which are away from equator- some intercepted signs are likely. It is the signs that intercept and not bhavas. In the case of intercepted signs bhavas spread into more than two signs. Some signs do not get any bhava sputa. Careful analysis is needed in cases of intercepted signs.
- System of bhava division adopted is to be carefully noted. In Sripati system of bhava division bhava middle sputa is the important bhava sputa. In others like placiduous system -adopted in K P system - bhava arambha sputa is important. Sign lord of the important bhava sputa - i.e., middle in Sripati system and beginning in Placidus system is the bhava lord.
- Strength of a planet differs in a bhava depending on its proximity from bhava sputa - beginning, middle or ending. Sometimes a planet’s sign lord and bhava lord are likely to differ depending on its placement. In such cases effects of such a planet is to be studied in the light of that planet’s karakatwa plus its position in a particular bhava plus the qualities of the sign position. Never ignore the zodiac sign behind the planet and its bhava position.

General rule for rasi or bhava analysis is to treat the lagna / Moon lagna / Sun lagna as the first bhava depending on their strength.

For example take famous Sachin tendulkar chart - In his birth chart - Moon sign is more important. From Sagittarius i.e., Moon lagna - Aries is 5th and 9th is Leo. 5th lord and 9th lord are exalted in 2nd and 5th from Moon lagna. Mars is also aspecting 9th bhava and its lord Sun. Mars conjoined with Jupiter - Moon lagna lord. Jupiter debilitation is cancelled. Mars given energy to play while Jupiter and 9th lord Sun is giving Wealth, honour, name and fame. 9th lord being Sun and is exalted in 5th native got highest honor at young age. viz., Bharat Ratna from Government of India.

- In human body - the 4th and 5th bhavas separated in the area of Diaphram - Liver is extremely important among the body parts that represent Pancham Bhava. Liver is an intelligent and complex organ. It is also able to re-grow if any part is removed. This creative quality of LIVER can be compared to the INTELLIGENCE among the panchama bhava karakatwas. Regenerative capacity of native himself is in panchama bhava and is accordingly named as PUTRA Bhavam.
- In natural zodiac 5th bhava is LEO and its lord is SUN who represent Brain - intelligence. Moon is the functional aspect of brain (mind).

**Panchama bhava need Ancesters’ blessings**
If 5th bhavba is weak or influenced by harmful planets and are devoid of benefic influence - native suffers due to his/her ancestors’ curse. Such a native suffers in money matters, health matters and relationships. Remedy is to please ancestors with rituals like tarpan etc.,

**Effects of Panchama Bhava to be studied, in the following ways.**
- **Nature of zodiac signs behind Panchama Bhava**
  - The effects of pancham bhava in different rasi signs are to be seen with the background of the qualities of that zodiac sign.
  - The twelve zodiac signs are classified as two-fold, three-fold and four fold types.   - In fact, no part of the zodiac is separable in cosmic set-up. The divisions are made for study purpose and in practice all divisions work with a unified principle. Our study must be based on a holistic approach.

- *Depending on the life event of panchama bhava under study the nature of the sign is to be interpreted along with the planets connected to that sign.*
A brief is given, below, about the effects of Panchamabhava backed by movable, fixed and common nature of signs and by signs of different elements.

- **5th bhava in relation to other bhavas**

- Ketu in 5th - Placement of other planets in the chart may turn the role of Rahu into benefic / malefic nature particularly Jupiter, Sun and Moon. Analyse accordingly.

- Fortuna in 5th bhava - Gifted with the ability to manifest his/her plans to reality. Bestowed with special creative self-expression.

- Putra Sahama position in chart indicate timing of child birth

Note: Strength and functional role of planets - malefic / benefic - to be seen in individual charts.

(2.i) Karako bhava nasaya - Pancham bhava Karaka - Jupiter - If placed in 5th. -General rule is that placement of karaka planet in its bhava spoils that bhava (Karoko bhava nasaya) - This is not always correct. Moreover, Jupiter, supreme benefic, if placed in panchamabhava has a special role. From 5th bhava placement Jupiter aspect 9th, 11th and Lagna.

- In brief - they are with poorva punya - and are lucky people.
- They will be firm in their way of Dharmic life in spite of any trouble.
- They easily gain high positions and even they relinquish such positions without any trace of pain or regret.
- They have a mission to fulfill on the earth.
- They have the presence of Almighty in their heart of hearts.
- They have Godly aspirations in their previous birth. If they lead a Dharmic life they can experience such Godly aspirations in this life also. The best way for them is transcendental meditation, on empty stomach, either one hour before SUN rise or one hour after Sun set. If the Jupiter is in retrograde motion the realization may extend to several births. If such retrograde Jupiter aspects any planet such native is bestowed with the past birth realizations connected to that planet. For example - retro Jupiter in 5th aspects Venus the native will acquire same wife as in the past birth. If Jupiter in 5th is in stationary (sthambana) position he will easily and quickly realize GODLY aspirations.

(2.ii) When Jupiter is in 5th bhava and that sign is...

- Aries - Have a son who provides all material comforts.
- Taurus - Too many hopes. Gets an intelligent daughter
- Gemini- Children become Saints. If retrograde native himself may become a saint
- Cancer- Good children. Peaceful mind and calm life.

❖ Panchama bhava from other bhavas.
5th is 4th to 2nd bhava - 2nd bhava also signifies creative imagination of great poets which reflect in their literary works. These works are indicated by 5th bhava.

Example : Rabindranath Tagore - lagna -Pisces - lord Jupiter exalted in 5th bhava in Cancer. 5th lord is Moon - During Moon dasa he was awarded Noble prize in 1913 for his literary works.

❖ Bhavadhava principle for Panchama Bhavas and other bhavas
All bhavas are inter-linked and a bhava may encourage or discourage the results from another bhava. This is seen by applying the well known BHAVAD BHAVA principle.
• 5th bhava is 3rd to 3rd bhava - Native’s 3rd house signifies inclination to spiritual practices whereas his 5th house supports with its inclination of mind to learn mantra, tantra etc.,
• Similarly 5th to 5th is 9th bhava. - Native’s mind signifies his mental capacity for deep and wise learning to support the 9th house signification of higher learning.
Example : Srila Prabhupada chart : 1 sep 1896 4.00 pm Kolkatta - Lagna- Capricorn - 5th lord Venus and 9th lord Mercury conjoined in 9th bhava - virgo sign. He took Sanyasa - renounced order of life - in 1959 during Mercury x Venus period. Spent more time for higher learning and publication of religious books - established ISKON - a religious institution.
• Moon in 9th bhava (5th to 5th ) gives one child - if that bhava sign is odd one many children.

Hence the benefic effects of any bhava and consequent success of native depends much on the strength of the interdependent bhavas and the lagna and 11th bhava.

❖ Panchama bhava and Divisional Charts:
Supplementing with the study of divisional charts gives better clarity and confirmation of the revelations of panchama bhava. Fro example use of 5th house in Saptamsa divisional chart revelas about progeny, while 5th in Vimsamsa stands for mantra etc., in Chaturvimsamsa 5th house shows both intelligence and success in education.

• Saptamsa -Denial of children -is likely if Mercury, Saturn and or Venus are in trine to Saptamsa lagna. Mercury and Saturn are eunuch planets to deny fertility. Venus may lead to natives association with too many and the chances for progeny are narrowed.

• Saptamsa- indication of Adoption - Mars and Saturn connection to the trine of Saptamsa lagna indicate adopted children. This configuration also indicate the children of a divorce / widow who is in second marriage with the native.
For further clarifications in any critical chart one may resort to Arudha pada of 5th bhava.

**Ashtakavarga system - Panchama bhava study**

- For bhava result use bhava chart and for transit results use rasi chart in Ashtakavarga system. It is to be noticed here that kaksha division is an equal division of 30 degrees of a standardized zodiac sign. So for transit results Rasi chart to be used in Ashtakavarga.
- To anlyse panchama bhava in Ashtakavargu - the general rule is that Bhavas with 30 or more points give very good results; with 25 to 30 points are medium and Less than 25 give inferior results.
- For further analysis verify the contribution of each planet to this bhava. Planet-wise results of 4 or more benific bindus from a planet is as follows:
  - Sun - Patience, Male children, loves to help others. Worships Sun
  - Moon - self-less service; love with sacrifice; mental illness; female children; Worshipping Ardhanareeswara with Gowri mata helps
  - Mars - Leadership; desire to attract others; Pretends to love to attract others; Male children; prone to abortions; Worshipping Subramanya Swamy helps.
  - Mercury - Good mathematical skill; All activities are business like; Worshipping Vishnu helps
  - Jupiter - Intelligence; Self-less liking; Male children; Worshipping Dattareya helps
  - Venus - Likes beautiful things; Artistic view; Female children; Love is diplomatic and not real.
  - Saturn - Lazy in thoughts and actions; Male children; Worshipping Hanuman helps.

**Pancham bhava as Mantra bhava :**

- If the 11th lord is connected to 5th bhava - native becomes religious.
- If 5th lord is in 7th he/she respects all religions.
- 12th lord in 5th - go on pilgrimages with prayers to beget a child
- Benefics in 5th - native is blessed to do meditation
- If benefics are associated with 5th they worship satvick deities and if malefic dominate they resort to worship kshudra devatas.
- If there is a predominance of masculine sign (odd) and planets they worship male form of deities - if it is of feminine sign (even) they worship feminine form of deities.
- 5th bhava strength do reveal the spiritual growth of the native -

**Example** - Male native (1963) - lagna -Cancer, 5th is strong with placement of Mars, Venus and Mercury and also aspected by retroated Jupiter from 9th -own sign Pisces. Saturn own sign makara in 7th with aspect on Jupiter, lagna and Sun debilitated in Libra. - Native's education at high school level is weak and his performance excelled with rewards at post graduate level in science and technology.

However, he shifted from technology and dedicated, as a monk, to the higher levels of study with practical applications in spiritual field. This can be attributed to strong 5th house and aspect of Saturn on Jupiter, lagna and Sun.

**Arudha of Panchama bhava - Putraarudha - Mantrarudha**

- Arudha pada of 5th bhava is also known as Mantrarudha, Putrarudha.
- Application of Arudha principle in the study of a chart removes the illusions of a bhava indications while highlighting the real strength of that bhava.
For example - Potential 5th bhava indicate good intelligence of the native. It is not certain that all intelligent people are successful. The certainty of success is indicated by the arudha of 5th bhava. So ensure to study a bhava and its arudha to come to reality of situation.

- **Arudda padas** - to determine Fertility of natives.- Method of DEHA from Jaimini Sutras.- This is based on rasi chart. Arrive at the Arudha padas of 3rd and 9th from Sun and Lagna. From Sun it determines the ability to sustain Atma. From lagna it indicates the ability of body to procreate.

- If Sun is in 2nd, 5th 8th or 12th from any of these padas - it results in infertility of native.
- If Venus and Mercury conjoin these padas the native is infertile.
- If the arudha padas from lagna are afflicted native highly needs medical help. If the affliction is to arudha padas from Sun astrological remedies are essential.

**Panchama bhava as PUTRA bhava**

If Saturn, Venus and Mercury are in trine the native becomes barren despite of any powerful yoga placements in birth chart.

To examine the ability to beget children 9th house in female charts and 5th in male charts are to be analyzed.

- **Indications for begetting progeny**- Planetary configurations are, in brief, as follows:
  1. (i) If 5th lord or 5th lords sign lord or Jupiter is well placed and strong by aspects - he gets children though late in life;
  2. (ii) Jupiter with, no afflictions, attains Vaiseshikamsa (in varga charts) and occupies 1st/4th/5th/7th/9th/10th bhava - progeny is indicated;
  3. (iii) Lagna lord and 5th lord in kendras with benefic connections and strong 2nd lord;
  4. (iv) If lagna lord in 7th and 2nd lord in lagna with the conjunction of 9th and 7th lords;
  5. (v) If navamsa lors of 7th lord is well placed and aspected by lagna lord, 9th lord and 2nd lord.

- **If the 5th house is in any alpaputra sign** i.e., Taurus/ Leo/ Virgo/ Scorpio and that house or its lord is weak or connected to bad planets such native will have one or two children.

- **Late progeny** - Native will beget children in middle age if any of the following combinations are seen in rasi or navamsa or bhava chart.
  1. if Saturn in lagna, Jupiter in 8th and Mars in 12th; or
  2. if Mars in lagna, Saturn in 8th, and Sun in Leo/Taurus/ Virgo /Scorpio; or
  3. If Moon in 11th, any two planets in lagna and two (natural) malefic planets in 5th from Jupiter or 5th to that 5th.

- **Twin children** - If Aquarius or Scorpio signs have two lords - if those signs happen to be the house of pregnancy / child twins are likely. Some authors have added Gemini and Virgo because of the dual nature of their lord - Mercury.

- **Children die earlier to native** - If 5th house is aspected by Mars with no benefic connection his / her children may die earlier to native. But if that 5th house is either Aries or Scorpio only the first son will die at early age and not others.
Example: Birth charts of Couple - who are hale and healthy now at their 84th year and 78th year. In their middle age they lost many infant children and only two sons survived - who are hale and healthy now at their 50 plus age. Details of birth charts - rasi and bhava are:

- **Husband Rasi Chart**: Lagna-libra-Ketu; Sagittarius - Saturn (R); Capricorn - Moon; Aries Venus, Rahu; Taurus - Jupiter, Sun, Mercury (R); Cancer - Mars;

- **Husband’s Bhava Chart**: Ketu moved to lagna; Moon moved to 5th bhava; Rahu moved to 8th and associated with Jupiter; Mercury (R) moved to 9th bhava

- **Wife Rasi Chart**: Scorpio lagna - Sagittarius - Jupiter and Rahu; Aquarius - Saturn and Venus; Aries Mars; Gemini-Ketu; Cancer - Moon;

- **Wife’s Bhava chart**: Jupiter moved to lagna bhava; Saturn, Venus and also Mars moved to 5th bhava.

**Analysis:** In husband’s bhava chart Mars is aspecting 5th and in wife’s bhava chart Mars is posited in 5th bhava.

- **In Husband’s charts** - Putra karaka Jupiter is in 8th in rasi and in bhava afflicted by rahu.

- **In wife’s Rasi chart** - Putrakaraka Jupiter is afflicted by Rahu.

**Adoption of a child**
- Connection of Saturn and Mars on 5th
- 5th lord in barren sign - Aries, Gemini, Leo and Virgo
- Affliction of 7th house - shows inability to procreate
- Lagna lord with mercury may damage ability to procreate
- Benefic influence on 5th or 5th lord is essential. This should be from other than Jupiter. If Jupiter gives benefic influence he can beget a child and no need of adoption. Moon or Venus benefic influence on 5th in general may give a chance to adopt a child.
- Even when Jupiter is strong - if 5th lord or occupant is eunuch the native will adopt a child. If Jupiter is also weak native cannot beget a child. He cannot adopt also.

**Example:** Both husband and Wife’s productive capacity is badly spoiled and had esorted to adopt a child.

**Husband’s birth chart:** 20th July 1964 at 20.30 Delhi-
Rasi chart - Capricorn lagna- Sat (R) in 2nd; Jupiter in 4th; Venus and Mars in 5th; Rahu in 6th; Sun and Mercury in 7th; Moon in 11th and Ketu in 12th --

In rasi chart putra karaka Jupiter is in Aries a barren sign and also afflicted by Saturn’s aspect - while 5th lord Venus conjoin with badhaka lord Mars in 5th -

In bhava chart. Both Venus and Mars moved to 6th bhava and associated with Rahu; while Jupiter moved to 5th bhava.

**Wife’s birth chart:** 7th June 1966 9.50 a.m IST New Delhi-
In Rasi Chart - Cancer Lagna - ketu in Scorpio; Moon in Capricorn; Saturn in Pisces; Venus in Aries; Rahu, Sun and Mars (5th lord) in Taurus - i.e., 11th bhava and badhaka sthana for Cancer lagna. - Mercury and putra karaka in Gemini a barren sign.

In Bhava Chart - Rahu moved to 10th and associated with Venus. While Ketu moved to 4th bhava.

This Couple are able to adopt a female child because of the benefics in 5th for husband and in case of wife 5th is aspected by 5th lord Mars.
In husband’s chart - 7th is afflicted with Mercury a eunuch planet and sun 8th lord is in 7th - so his reproductive capacity is badly affected. Added to this putrakaraka Jupiter is in barren sign - Aries.

In wife’s chart - 5th lord Mars is badhaka lord aspected by Saturn. Putrakaraka Jupiter is in Gemini a barren sign.

In case of both husband and wife charts : Jupiter is in barren sign and 5th lords are associated with badhaka sthana or lord. Hence, reproductive ability is badly affected.

- **No Children - Family will come to an end** - if 5th lord and Jupiter are badly placed and if 5th house or lagna are hemmed between malefic planets. Such natives may not be able to adopt a child also.

- **No children due to curses** - in previous life - Brahma sapa; pitru sapa; matru sapa; satru sapa etc., - to be examined in chart with the placement of karmic planets. For example (i) Rahu in Jupiter signs, (ii) Jupiter debilitated; Jupiter connected to Saturn and Mars, (iii) 6th lord in 5th i.e., maraca for 5th bhava; (iv) 9th lord in 8th confirms the curse. In the absence of any curse the remedial measures will be fruitful.

- **Sex of progeny - indication.**
  - To know the sex of the child to be born the father’s chart is a better option.
  - Sex of the child to be seen from the house of child or pregnancy i.e., 5th for first child and 7th for second child and so on...

  - **Male children** - (i) if 5th lord is a masculine planet, occupies a masculine sign or navamsa and is reasonably strong; or (ii) Jupiter should be well placed and 5th house is a masculine sign, occupied by masculine planet or must be in masculine navamsa.
  - **Female Children** - If the 5th house is fully strong as above they get male children otherwise they get female children.

**Case: many female children and one male child (who is not available):**

**Male native:** Rasi chart - No differences in bhava chart - Lagna Capricorn - in Acquarius Mercury; in Pisces Sun, Jupiter and Ketu in rapt conjunction - in Aries Saturn and Moon - in Taurus Venus and Mars in rapt conjunction - in Virgo Rahu.

- **Analysis:** in 5th bhava in Taurus in Male sign - bhava lord Venus posited in rapt conjunction with Mars 4th and 11th lord. Mars is badhaka lord for Capricorn lagna for native and 4th lord i.e., 12th to 5th bhava.

  - After many daughters native got a male child but is not available to his - due to mars badhaka lordship from lagna and 12th lordship from 5th.

  - Putra karaka Jupiter though in own sign - is weak because of combustion with Sun and eclipsed in ketu-rahu axis.

- **Weak 5th bhava leading to native’s death - after delivery of dead baby.**

**Case study** - Female native - Aries lagna- Mars (retro) own sign in lagna; Saturn and Ketu in Gemini; Sun in Virgo; Venus and Mercury in Libra; Rah und Moon in Saggittarius - Jupiter debilitated in Capricom.

In bhava chart - only Venus moved to 8th bhava- all others are same.
• **Analysis** - 5\(^{th}\) bhava is aspected by Saturn - badhaka lord for Aries lagna; Saturn also aspecting 9\(^{th}\) (5\(^{th}\) to 5\(^{th}\)) and 12\(^{th}\) of native. 5\(^{th}\) lord Sun is in Virgo a barren sign - it 6\(^{th}\) bhava and is 2\(^{nd}\) to 5\(^{th}\) a marka sthana for 5\(^{th}\) bhava. Child died in mothers womb due to jaundice in mother’s 8\(^{th}\) month of pregnancy. Jupiter is cause for jaundice disease- Jupiter putrakaraka debilitated in 10\(^{th}\) i.e., 6\(^{th}\) (disease house) to 5\(^{th}\) (child house). Such Jupiter has 8\(^{th}\) lordship from 5\(^{th}\) and also aspecting 5\(^{th}\) lord Sun in Virgo.

• Finally mother delivered a dead baby in her 8\(^{th}\) month of pregnancy with medical help and inspite of medical care she died within few days of that delivery.

❖ **Remedies, in brief, for getting progeny** - Good number of remedies are prescribed in classical books. This topic is not covered here as it needs to be specially dealt with under expert guidance. However to say, in brief, some of them are like - Putra kameshti Homam, Purusha Sooktam, Ganapati Homa, Maha Ganapathi Beeja Mantra, Santan Gopal Mantra, wearing of kanaka Pusyaraga gem, ayurvedic medicines etc.,

❖ **Typical cases - Parents get separated immediately after child birth:**
Child birth is the result of panchama bhava - is it benefic or malefic to relations with spouse - in marital life- Spouse is departing during pregnancy or after delivery. Needs deep analysis and understanding.

**Case No.1**: Female native (1985) : lagna Capricorn putrakaraka (Retro) in lagna; in Aries 4\(^{th}\) Rahu ; in Cancer Venus in 7\(^{th}\) - but moved to 8\(^{th}\) ; in Leo 8\(^{th}\) Moon, Mars, mercury and Sun; in Libra - Ketu and Saturn - in Bhava chart no change except Venus moving to 8\(^{th}\) . Married in Feb 2012; Female Child birth in May 2013 and living separately from june 2013 -

**Case No.2**: Female native (1978) : Rasi chart and bhava chart no differences - In Libra -Lagna and Moon ; in Aquarius 5\(^{th}\) - Sun, Mecury and Venus; in Pisces 6\(^{th}\) - ketu; in Gemini 9\(^{th}\) Jupiter and Mars (Retro) ;-- in Leo 11\(^{th}\) Saturn (Retro) ;-- in Virgo 12\(^{th}\) Rahu. Badhaka sthana for libra lagna is Leo - lord Sun is in 5\(^{th}\) .-- Badhaka sthana occupied by 4\(^{th}\) and 5\(^{th}\) lord Saturn (Retro). -- 5\(^{th}\) also occupied by mercury 8\(^{th}\) lord to 5\(^{th}\) bhava.

Lady married in 2007 - got a male child in 2008- While in pregnancy trouble started with spouse - after birth of child gone up to court cases - Both are trying to reunite after 5\(^{th}\) year of court case - but unable to set family. Marriage and child birth took place in Saturn x Saturn dasa - 5\(^{th}\) lord in badhaka stana with aspect on 5\(^{th}\) - Saturn as badhaka occupant not allowing reunion of family. Let us hope that a better luck will prevail to reunite them.

❖ **Panchama Bhava study as per K P System**

**About K.P.System in brief**: Astrological Systems in astrology can be broadly classified as Sign based, star based and sub -based. Sub-lord is the lord of a part of a star. Here each star is divided into nine unequal parts and a lordship is allotted to each part in the order of Vimshottari dasa lords. Sequence of sub-lordship in each star starts with the star lord of that star. Basically, the strength of a planet or of a bhava is judged on the basis of its sub-lord.

K P system, in short is an offshoot of Vedic astrology blended with some principles of western astrology. Any astrologer with a good understanding of Vedic system of astrology can excel in K P system. It is founded by late Guruji Prof. Krishna Murthy in previous century after an exhaustive reading of different systems of astrology. Perhaps, best of all systems are adopted here with no bias to any system.
- Rasi karakatwa, Bhava karakatwa and graham karakatwa are same in any other system of astrology. It is also the same in K P system.
- Vimshottari dasa system is followed in this system for timing of events.
- K.P.system is based on Nirayana bhava chart like in Vedic system. The system adopted is Placidus system of house division as in Western system. For Nirayan system -- K P Ayanamsa (originated from Newcomb, astronomer) is suggested. As an alternative lahiri ayanamsa is also suggested, then itself, by the founder of KP system.
- Principles and procedure in selecting badhaka and maraca lords for each lagna are same as in Vedic system. Negative results are indicated, in KP system also, wherever any bhava cusp sub lord is connected to badhaka or maraca lords as per the context.
- Analysis to assess the bhava results start from the sub-lord of the bhava sputa.
- Bhava sputa sub-lord indicates as to whether the bhava result is promised or not to the native.
- Bhava results are delivered to the native during the dasa periods and transits of the planets posited in the stars owned by the bhava lord.

Note: It is well advised to study this system in detail for its practical application.

Coming to 5th bhava analysis - the sub lord of the 5th cusp connection to favorable and unfavorable houses decides the results of that bhava as detailed below.

- If 5th cusp sub- lord is connected to -
  - 5th / 11th / 2nd - child birth - in the conjoined period of - 5,11,2 bhava significators.
  - 2nd / 8th - the delivery may be caesarian.
  - If 5th cusp sub-lord is Rahu and posited in Jupiter star - birth to a male child.
  - 4th/10th /12th /6th - child birth is denied.
  - If it is Mars and predominantly connected to 4th and 12th - abortion is likely.
  - 6th and also to the badhakasthana of 5th bhava- in the concerned dasa period native delivers a dead child or child will die immediately after delivery.
  - 5th /6th / 10th - adopts a child and negotiations to adopt a child will be successful in the conjoined period of 3rd,5th and 9th
  - 7th /5th / 11th /1st - love affairs are likely
  - 5th /6th/10th /12th / 1st - failure of love affairs.
  - 5th / 11th and also connected to badhakadhipati and with connection to Saturn / Mars native delivers a child with some defect. Example - in the foregoing pages.
  - 7th / 11th - marries the loved one.
  - 8th / 12th - may be subjected to rape.
  - 5th / 10th /11th /8th /6th /2nd - good in betting and gambling.
  - 3rd /5th / 11th /4th - good in learning mantras.
  - 5th /10th / 10th /11th / 7th - becomes an artist - cinema, tv, drama etc.,
  - 6th / 11th - good in sports -
  - 2nd /6th /5th /11th /3rd - and the 5th sub lord is guru with no connection to 8th and 12th - native earns good monetary wealth.
  - 5th /9th /10th /11th /2nd /7th - and when the 5th sub lord is Saturn / Mercury / Jupiter - native become a good astrologer.
  - 5th /11th /3rd /9th /10th /1st - native is bestowed with good intelligence.
  - 4th /8th /6th /1st /12th - and if 5th cusp sub-lord is connected to rahu or ketu - native is subjected to lose thinking, eccentric, like insane.
  - 3rd/6th /2nd /1st /4th - native may get addicted to alcohol etc.,
Study from star lord of sub lord.
- If star lord of 5th bhava cusp sub-lord is connected to 3rd / 5th - a sick child will pick up health - BUT if connected to 10th and Saturn results in chronic sickness.
- If star lord of 11th bhava cusp sub-lord connected to 5th and 10th - native will lead a spiritual life.

NOTE: If 5th bhava cusp sub-lord is itself a badhaka or maraka or connected to them in the chart the 5th bhava results are to be accordingly pruned.

- If other bhava sub-lords are connected to 5th -
  - If lagna sub-lord is connected to 1st / 5th / 11th - safety in life during the conjoined period of 1st, 5th and 11th
  - If 2nd bhava sub-lord is connected to - 8th / 12th / 5th - loss of wealth in the conjoined period of 8th and 12th.
  - If 4th bhava cusp sub lord is connected 4th / 9th / 11th - continues academic education and to complete or terminate studies in the conjoined period of 3rd, 8th, 5th dasa lords.
  - If 6th bhava cusp sub-lord is connected to 1st / 5th / 11th the disease is cured in the conjoined period of 1st, 5th and 11th.
  - If 6th bhava cusp sub-lord is connected to 1st/5th/9th - change in job is likely in the conjoined period of 1st,5th,and 9th.
  - If 7th bhava cusp sub-lord is connected to 5th / 11th - an event in partnership occurs in the conjoined period of 5th and 11th
  - If 10th bhava cusp sub-lord is connected to 9th / 5th / 1st - Change of profession is likely in the conjoined period of 9th, 5th and 1st.
  - If the 10th bhava cusp sub-lord is connected to 10th / 5th / 3rd - sale of immovable property is likely in the conjoined period of 10th, 5th and 3rd.
  - If 11th bhava cusp sub-lord is connected to 1st / 5th / 11th - disease is cured in the conjoined period of 1st, 5th and 11th.
  - If 11th bhava cusp sub-lord is connected to 11th / 5th / 2nd - child birth is likely in the conjoined period of 11th, 5th and 2nd.
  - If 12th cusp sub-lord is connected to 5th / 8th / 12th - repayment of debts is likely in the conjoined period of 5th,8th and 12th.

Twins births - both female - If 5th cusp sub-lord is Mercury occupying in a dual sign - deposited in the star of a female planet and the star lord if occupying female signs - the child birth will be twin female children.

More than two births at once like twins -- If 5th cusp sub lord is Mercury and is in dual sign -- and if that Mercury’s star lord and sub-lord is either Jupiter or Mercury - or if the sub lord is occupying Cancer or Scorpio - more than two children will be born at the same time like twins.

Defective children - due to connection of 5th cusp sub lord to badhaka lord of 5th bhava.
Example: Mother of two dumb and deaf children - 12th dec 1952 12.30 pm Place.82E33 and 17N21 - KP Analysis - Pisces Lagna - 5th cusp - Cancer at 1° 7’ - sign lord Moon, star lord Jupiter and sub lord Mars. Badhaka lord for natives Pisces lagna is Mercury and for 5th bhava (for child) is Venus. Ketu is 5th occupant. 5th bhava cusp sub lord Mars is conjoined with Venus (badhaka lord for child) and Rahu in 11th house i.e, badhaka for mother.

Mother delivered a dumb and deaf first daughter during Rahux Venus xVenus x Ketu period.
And second dumb and deaf daughter during the Jupiter x Jupiter x Jupiter x moon period.

**Still birth** - If 5th sub lord is predominantly connected to 6th and also connected to badhakasthana of the fifth house and when one of them runs the dasa - child will be dead or will die immediately after birth.

**Case study: Still birth delivery** - Mother chart : 23rd Dec.1960 17.40 IST 82E33 17N21
5th cusp sub lord Rahu is placed in 3rd i.e leo which is 11th to 5th and badhaka to putra bhava. Rahu is in Venus star - That Venus is posited in 8th - bad house for Mother’s lagna. Venus is lord of 8th from putra sthana i.e. Taurus. 5th bhava in Libra is favorable for child birth while 8th, 3rd, and 12th, are not favorable for survival of child. Hence still birth. Added to the dasa period at conception and delivery is Saturn x Mercury x Saturn x Saturn - are not good - because of Saturn in 8th and Mercury in 6th bhava.
